SCHOOL OF INTERNATIONAL EDUCATION SDUT

UNIVERSITY PROFILE

Established in 1956, Shandong University of Technology (SDUT) is located in Zibo, a historic and economically well-developed city in Shandong province. SDUT is a comprehensive university with a strong focus on science and engineering.

27 academic schools of SDUT offer 70 undergraduate programs, 23 master's degree conferring programs, 4 doctor's degree conferring programs. There are nine disciplines covering engineering, science, economics, management, literature, law, history, education, and art. The top majors are mechanical design manufacturing and automation; vehicle engineering; computer science and technology; energy and power engineering; civil engineering; finance; accounting; international economy and trade; Chinese language and literature; and business-oriented Chinese language and literature. These degrees are among the most prestigious in the province, and are well-regarded at home and abroad.

SDUT has established friendly and cooperative relations with 101 universities and research institutes in 29 countries, including the United States, the United Kingdom and Russia etc.

Since 1997, SDUT has been recruiting and training international students, SDUT provides Chinese government scholarships and Shandong provincial government scholarships for foreign students. In the past 10 years, more than 4500 international students from over 30 countries studied in SDUT.
