## CHONGQING TECHNOLOGY AND BUSINESS UNIVERSITY

### INTRODUCTION TO CTBU

Located in Chongqing, China's largest municipality, Chongqing Technology and Business University (CTBU) is a multi-disciplinary university that offers undergraduate, postgraduate and Ph.D. programs, mainly in economics, management, arts, literature, engineering, law and science. It is approved by Ministry of Education of China as a member in the Program on Capacity Building of Higher Education Institutions in Central and Western China.

The university covers a total area of 450 acres. The main campus of CTBU is located on Xuefu Avenue in Nan'an District of Chongqing at the foot of Nanshan Mountain, close to the Yangtze River, the Chongqing Economic and

Technological Development Zone and only 7 kilometers away from the city proper. The beautifully landscaped campus benefits from convenient transport and telecommunications facilities. CTBU has another sub-campus, which is located in Jiangbei District.

CTBU has a strong faculty, with over 2100 professors, teachers and supporting staff. More than 700 are associate and full professors, among whom 23 are recipients of the Special State Council Award which is given to outstanding professors. More than 30,000 students are currently studying at CTBU.

The university consists of 22 schools that offer Ph.D. programs in Applied Economics, master's degrees programs which are in regional economics, business management, environmental engineering, accounting, statistics, industrial economics, ideological and political education, and media. CTBU has 80 bachelor's degree programs, among which 4 are approved special programs at the national level and 14 at the municipal level. In addition, the university has two Sino-foreign institutions which are the International Business School and Modern International Arts and Design Academy.

On the campus, eleven national and ministerial/provincial level research institutes have been set up, including "Research Center of the Economy of the Upper Reaches of the Yangtze River", "Engineering Research Center for Waste Oil Recovery Technology and Equipment, Ministry of Education" and "Chongqing Key Lab of E-Business and Supply Chain System". In recent years, CTBU has undertaken over 2,600 research projects at different levels and won ministerial/provincial awards for over 100 projects. More than 280 national patents have been granted.

CTBU attaches great importance to international cooperation and exchange. It has established ties with more than 60 foreign universities and organizations in 18 countries and regions. Joint-degree programs at bachelors and masters have been initiated with over ten well-known foreign universities including HEC Montreal in Canada, Queen's University Belfast, University of Lincoln in UK and University of Toulouse in France. In addition the first

ACCA program in CQ has been developed and the CIMA program is offered, as well as having the CFA(Chartered Financial Analyst) and ISM(International Settlements Master) programs in operation.

# LIVING AT CTBU

Located in the heart of Southern-Yangtze-Bank University Zone, CTBU enjoys very convenient public transport. From the main gate of CTBU you can go to airport, train station, major business areas and shopping centers in Chongqing via light-rail train, buses or taxi. As the only municipality in western part of China, Chongqing is a modern city with a strong flavor of traditional Chinese culture. The fast development of the city has brought a lot of convenience and pleasure to the residents. The light-rail network connects all the districts of Chongqing and Line No. 3 runs at the gate of CTBU. Museums, Grand Opera House, shopping malls, stadiums and gourmet restaurants make the leisure life and entertainment very interesting and exciting. You would also be able to enjoy various outdoor activities. We have many historic sites to visit as well as scenic mountains and you can also enjoy a river cruise on the Yangtse River. There are also many beautiful parks where you can relax.

CTBU provides International Student Apartments on the campus. If you have accommodation on the campus it is easy to get to know your fellow students who come from many other countries. The campus provides a good environment and pleasant atmosphere where you can both live and study. Each apartment accommodates two students with separate bedroom, and a shared sitting room, kitchen and bathroom. The apartment is equipped with air-conditioner, microwave oven, refrigerator and induction cookers. You will also have facilities such as a TV lounge, wifi and gym. Laundry and clothes drying services are available at very low price. The International Student Apartments are canteens, grocery shops and printing rooms. # STUDENTS TESTIMONIALS

From my studies at CTBU I learned many things, and many of the things I learned could be put into practice during my time in China, much about the culture and the way business is done could be seen every day, and the workings of the economy could be seen through my internships, along with everyday people on the street. My most interesting class was taught by a fellow Englishman, macroeconomics lessons were always highly informative and very interesting. I learned a great deal through my internships and studying whilst here in CTBU.

**Ryan Kelly (United Kingdom)**

I can not fully express how grateful I am to all of you for your hard work and support this semester. You have been incredible! Travelling across the world to study in an unfamiliar country for such a long time is a heavy burden for any student, yet you all make it such a simple and pleasant process! I have made some fantastic friends during my time at CTBU, learned many valuable lessons to take with me into the future and perhaps most importantly, discouraged for myself the incredible city of Chongqing and all it has to offer! I will always have fond memories of eating hotpot, visiting the epic DaZu Carvings walking along the bustling CiQi Kou and being dazzled by the bright lights of Nanping and Jie Fang Bei. My time here has been the greatest of my life so far! And I still was not able to see everything China has to offer, So I'll see you all soon! With my warmest regards and sincerest thanks! 我爱重庆! 我爱重庆 工商大学!

**Alexander Ben Westerman  
(United Kingdom)**

A warm smile is what you're always going to get from CQ people. All this makes me feel like I'm part of the community, society and above all, it makes me feel like part of a bigger FAMILY.

All this gives me a feeling of royalty, a great sense of appreciation, love and belonging.

In conclusion I should say, coming to China was the best as well as the boldest move I've ever made in my life so far. I'm glad I'm here and I enjoy every moment of my stay, I cherish and appreciate every crack of dawn. All in all, I just want to say I LOOOOOVE CHONGQING and my study in CTBU has always been an opportunity for growth and I want to salute and express my sincere gratitude to the CTBU staff and students, thank you for making us want to recommend you to others to come to your school.

**Joshua Ikhtseng (Botswana)**

Wow! Thank you very much for the great time here. I had the best time of my life so far I really enjoyed the country, the culture and life at CTBU. In Holland the language classes are not my favorite. But in China I really enjoyed the Chinese language classes! At the university I was so happy to join the Olympic Games. My Chinese teacher just asked me: what souvenirs will you take home?" I will take home a really good life experience. In China I also learned that 'a smile' is very important. Thank you all!

**Rutger Fransen  
(The Netherlands)**

From the enormous support of the International Office, to the remarkable hospitality of the students and the picturesque views on campus, there is no other explanation that I could offer as to why I enjoy being an international student at CTBU. I'm grateful to be apart of CTBU.

**Arianne Kaitlyn Phillip (America)**

I'm so happy to be in CTBU. They take care of foreigner students very well. They're always focused on solving our problems and make us feel very comfortable. Beside the hospitality and the service, CTBU also appreciates my talent and encourage me to develop my skills. This is the exact place to establish your ability in education, socialization and network.
